## Tshombe Warned By UN On Congo Reunification

LEOPOLDVILLE (AP)—Rob. Tshombe of Katanga province said today that the UN intends to apply "in the period immediately ahead" all phases of the

U Thant plan to reunite the Congo and "such other steps as may prove necessary."

The UN also charged responsibility for fighting in North Katanga to Tshombe.

UN Secretary-General Thant's plan calls for unification of the Congo under a federal-type constitution, with the armed forces of Katanga placed under the central government and with the central government getting 50 per cent of the taxes from the rich Katanga mines.

It also provides increasingly harsh measures in the event Tshombe refuses to accept the plan. Later phases include possible use of economic boycotts and, as a last resort, the use of armed force. In a recent report, Gardiner said the time had come to start placing more stress on these steps.

"All fighting and destruction is a result of Katanga secession and therefore you may say that Tshombe is responsible by definition," a UN spokesman told reporters in Leopoldville.

## Safe Driving Week In Canada Shows Increase In Deaths

Safe driving week, promoted to reduce accidents and traffic fatalities in the usually hazardous driving month of December, set a high mark for deaths this year with 70 reported across Canada.

This was 21 higher than last year's total and 13 more than the 1960 week total.

The week ended midnight Friday last time.

No province went without a traffic fatality this year. Prince Edward Island, New Brunswick and Manitoba had only one each. Newfoundland and Prince Edward Island had no fatalities in the week last year.

Ontario had 27 traffic deaths in the week, almost double last year's 14. Quebec was up five to 18, Saskatchewan up four to seven and British Columbia up five to nine.

Friday's total of 12 was the

second-highest for the week. There were 23 road deaths reported last Saturday. There were five fatalities Friday in both Ontario and Saskatchewan. New Brunswick and Quebec had one apiece.

Safe driving week is sponsored by the Canadian Highway Safety Council in the first seven days of December each year.

Following is the day-to-day record this year with last year's totals:

## Solution Said Imminent In Million Dollar Robbery

WASHINGTON (AP)—Federal investigators feel certain they have tracked down four men who committed a \$1,500,000 mail truck robbery last August near Plymouth, Mass., an informed source said today.

The arrest of the four was reported being delayed in a "war of nerves" which U.S. government officials hope will enable them to recover the cash.

James F. Kelleher, special

close check on "four prime suspects."

Kelleher indicated federal officials had built a case against the four on the basis of evidence which has been in their hands since October, including part of a police uniform and four lockers found in a private residence in Massachusetts.

A key figure in the robbery was a man wearing a police man's uniform. Shortly before the mail truck was stopped and robbed, he took a station at a road intersection already passed by the mail truck and diverted traffic away from the robbery scene.

## Alternate Juror Installed In Hoffa Conspiracy Trial

NASHVILLE, Tenn. (AP)—An alternate juror replaced a regular member of the panel trying Teamster President James R. Hoffa today in the first public session of the trial since a secret hearing last Thursday.

Walter Harper, an alternate from Bethpage, Tenn., took the seat which Mrs. James Paschal, a housewife from Woodbury, Tenn., had occupied since Hoffa's \$1,000,000 conspiracy trial started in federal court Oct. 22.

The substitution was not announced by Judge William E. Miller.

It followed weekend reports that U.S. government attorneys had notified the judge of an alleged attempt to approach a member of the panel.

Sunday government attorneys asked Miller at Thursday's three-hour secret session to investigate the report. The newspaper identified Mrs. Paschal as the juror approached.

FOLLOWED ATTACK

Thursday's session came a day after an air pistol attack on Hoffa by a former mental patient.

Hoffa is charged with conspiring to violate a labor act by using union influence to establish a profitable truck-leasing venture.

The Teamster leader was not injured by pellets fired at him, but filed a motion for a mistrial Friday on the ground that the incident had left him unnerved and apprehensive for his safety.

Miller announced that he would rule on this motion later in the trial.

Before testimony was resumed, James E. Haggerty, a defense attorney, filed two motions with Miller. Haggerty asked that these motions not be discussed in public and the judge said he will rule on them later. Contents of the motions were not revealed.

## Douglas Hits Christian Spirit

MONTREAL (CP)—T. C. Douglas, leader of the New Democratic Party, Sunday night chided Protestant groups who are critical of Roman Catholics.

He said the test of true Christianity is in the spirit, not in church membership.

"You hardly have Christianity when it takes 23,000 troops to put one Negro into a University in Mississippi," Mr. Douglas said.

"Down in the southern states, the only Christians opposed to segregation are the Roman Catholics. I am ashamed to have to compare their attitude with that of my own Baptists down there who still favor segregation."

## Canadian Pay Shows Increase

OTTAWA (CP)—Canadian workers in September received an estimated \$1,748,000,000 in wages and salaries, a gain of 1.3 per cent compared with \$1,725,000,000 in August.

The Dominion Bureau of Statistics said today that the September total represented an increase of 5.4 per cent over last year's September total of \$1,658,000,000.

Estimated labor income in the January-September period rose 6.5 per cent to \$14,939,000,000 from \$14,029,000,000 in the corresponding period of 1961.

## Record Budget Unveiled In Russia

MOSCOW (AP)—The Soviet government today unveiled a record budget of \$7,600,000,000 for 1963, including a 3.6 per cent increase in acknowledged military spending.

The new military budget will be \$3,900,000,000, compared with \$3,400,000,000 this year. Officially, one rouble is valued at \$1.11.

Finance Minister Vasily Garbuzov presented the new budget at the opening session of the Supreme Soviet, the Soviet parliament.

## BED MARCH AIDS MARCH OF DIMES

VERNON (Staff)—The age of student gimmicks is not over. Saturday, about 20 Armstrong teen towners pushed a bed from the cheese city to Vernon in one hour, 25 minutes in aid of the March of Dimes.

The feat was without incident until the bed rolled into Vernon where two local students, on a greeting party, jumped on the bed breaking two casters. Following a canvass of the city, and repairs to the bed, students returned to Armstrong.

## R.C. Prelates Return Home

MONTREAL (CP)—Led by James Cardinal McGuigan of Toronto, the first group of Canadian Roman Catholic prelates have arrived back in Canada from the church's ecumenical council in Rome.

The 27 high-ranking prelates arrived here Sunday night aboard a Canadian Pacific Airlines jet and left immediately for their dioceses.

Cardinal McGuigan said in an interview the delegation was satisfied with the council's progress, but added, "there is still much to be done."

The council was adjourned Saturday until next September. The cardinal said the Canadian delegation was active in the council sessions. Some of the Canadian delegates would return before next September because of duties with various commissions.

## Damp Weather For PEI Voters

CHARLOTTETOWN (CP)—Cloudy and damp weather, the kind that plagued Prince Edward Island farmers this year, greeted voters in the island province this morning.

Polls opened at 9 a.m. AST under cloudy skies and a promise of rain this afternoon. The ground was soggy from a heavy overnight rain. The polls close at 5 p.m.

Thirty seats, contested only by the Liberals and Progressive Conservatives, are at stake in what is considered a farmers' election.

## British In Charge At Borneo 'Strip'

BRUNEI TOWN, Brunei—British troops recaptured the airstrip at rebel-held Seria today and advanced on the oil town where some 400 Europeans were reported held prisoner by the rebels.

Brig J. B. A. Glennie, commander of the British force in the British-protected sultanate of Brunei, said the situation was "looking very much better now" although 400 Europeans were prisoners in Seria.

Glennie also said a crackdown on the homes of members of the outlawed rebel Rakyat party has begun here.

He said raids have been made on the headquarters of the Rakyat party, on the homes of party members and several arrests have been made.

"We have taken a good deal of incriminating evidence," Glennie said.

The Anduki airfield at Seria was reported firmly in the 200 British Queen's Own Highlanders who landed on a nearby golf course.

Later a further 600 Highlanders landed on air strip, which was in rebel hands for three days until it was recaptured by hands of British security forces.

PREPARE FOR ATTACK  
Meanwhile in Sarawak, another Borneo territory, which adjoins Brunei, tough Gurkha troops and police were braced at Miri for an expected attack made on the headquarters of by 400 rebels. Latest reports said the rebels were within 20 miles of Miri, and Gurkhas have deployed to intercept them.

## Increases Retroactive To Oct. 1; Effective Now

OTTAWA (CP)—Retroactive pay increases for some 65,000 federal civil servants were announced today by Finance Minister Nowlan.

The increases, expected to cost the public treasury \$30,000,000, affect clerical, administrative, accounting, professional, supporting groups, hospital, penitentiary and police employees.

They will be retroactive to Oct. 1, for clerical and administrative employees. Raises had been recommended at that time by the government's pay research bureau but were delayed under the government's wage freeze.

Raises for hospital employees will be retroactive to Jan. 1, 1962, and for penitentiary and police employees to April 1, 1962.

COLLECT DATA

Mr. Nowlan said the pay research bureau has started collecting data relating to salaries in the group of public servants comprising postal, customs and immigration employees. Changes recommended for them would be effective Oct. 1, 1962.

The raises announced today would be put into effect "as soon as the paying authorities can make the necessary arrangements."

In addition to the regular civil servants in the three groups for which retroactive increases were announced, Mr. Nowlan said in a Commons statement, employees paid at hourly wage rates prevailing in their areas of work will get wage adjustments effective from the dates recommended by the labor department in each case.

## Nine More Bodies Recovered In Pennsylvania Mine Shaft

CARMICHAELS, Pa. (AP)—Rescue teams investigating an explosion-roked coal mine tunnel where 37 miners were trapped located today an increasingly higher number of bodies.

The ninth body of the day was sighted before noon, bringing to 16 the number of miners accounted for and leaving 21 still missing.

The bodies were sighted in an area 810 feet in advance of a fresh air base located 1,758 feet from where a tremendous blast occurred Thursday afternoon at U.S. Steel Corporation's Robena No. 3 mine.

Previously, the highest number of bodies located at one time was two. This indicated, officials said, that rescuers were penetrating into an area where most of the trapped miners were working some 650 feet underground at the face of the mine.

A U.S. Steel spokesman said the mine's ventilation system in the area where the latest bodies were sighted is "completely disrupted."

He added that repairs to the ventilating system will take considerable time, and it will be a while "before it is possible to recover the bodies."

## U.S. Soviet Parallel Statements Expected In UN Today On Cuba

UNITED NATIONS (AP)—The Soviet Union and the United States were reported today to have agreed to make separate statements in the Security Council to wind up the UN consideration of the Cuban crisis.

Informed sources said the Russians had given up their idea that there should be a joint Soviet-U.S. declaration and were going along with the American idea that there should be parallel statements.

The sources said negotiators for the two countries are now talking about what each should say in the statements. When there is agreement, the 11-nation council will be convened to hear the carefully-worded remarks.

The informants said the United States is still demanding verification that Soviet offensive weapons have been removed from Cuba and guar-

antees that they will not be brought back, and the Soviet Union is demanding a U.S. pledge that Cuba will not be invaded.

U.S. officials said the Soviet Union is demanding a U.S. pledge that Cuba will not be invaded.

## No Relief Seen In Heavy Fog

VANCOUVER (CP)—The weather office reported there was no sign of a break today in the heavy fog that blanketed most of British Columbia's lower mainland early Sunday.

Vancouver International Airport on Sea Island was expected to remain closed for the second day with all flights departing and arriving at Abbotsford, 40 miles east.

## STOP-PRESS BULLETINS

### Government Won't Commute Sentences

OTTAWA (CP)—The federal cabinet will not interfere with the death sentences of two men scheduled to be hanged in Toronto early Tuesday morning for capital murder, the justice department announced today.

### Starr Says No Election Soon

WHITBY, Ont. (CP)—Labor Minister Starr said here Saturday night there will not be a federal election for four or five months.

### Paper Strike Still Deadlocked

NEW YORK (AP)—Federal mediators tried in vain today to budge the labor impasse that has shut down all nine daily newspapers in this city of 8,000,000 persons. "We are further apart today than we have been," Bertram A. Powers, president of the striking Printers' Union, said.

### Tito Urges Russian Co-operation

BEIGRADE (Reuters)—President Tito of Yugoslavia today told Russian workers today "we must and we can overcome the things which could divide us," the Yugoslav News Agency Tass reported.

### Holdup Man Quickly Caught

SARNIA, Ont. (CP)—An armed holdup man made off with \$3,427 from a sub-branch of the Royal Bank of Canada today, and a suspect was quickly captured and the money recovered after a foot chase along the shore of Lake Huron.

### ARE YOU AN OLD-TIMER?

## Basic Standards Changed

NEW YORK (AP)—Are you an old-timer?

An old-timer is a person who enjoys using the present as a reminiscent springboard back into the past.

You are probably an old-timer yourself if you can remember when—

You first learned to make music by humming through a piece of tissue paper on a pocket comb.

Folks feared the first family that started cooking with gas would blow up the whole neighborhood.

No baby had got off to a proper start in life until its fond parents had had it photographed, sans diaper, lying tummy down on a cloth of plush.

—but could also write legibly and work out problems in arithmetic.

Few schoolboards would hire a married schoolmarm, because a married woman's place was in the home.

The liniment for men and horses came out of the same bottle.

You could cure most ailments either by drinking a solution of epsom salts or by taking a bath in it.

Foods were fried in lard, and nobody had even heard of polyunsaturated fats.

## STOCK QUOTATIONS

TORONTO (CP) — Canada Southern Petroleum jumped back into the stock market tonight, rising to a year's peak price on rapid turnover.

Trading more than 40,000 shares in the first hour, the stock reached \$5.55 before settling at \$5.50, ahead 65 cents.

Canada Southern leaped to its mid-way through last week on speculation over drilling results on the company's property in northern British Columbia.

On the exchange today, industrials slipped 36 to 368.23 and base metals 33 to 187.27. Golds rose 15 to 85.55 and western oils 68 to 117.36. The 11 a.m. volume was 364,000 shares compared with 353,000 at the same time Friday.

### The ROYAL TRUST CO.

The Royal Trust Company is pleased to announce the appointment of Syd. A. Hodge as Manager, Real Estate Department, The Royal Trust Company, Kelowna, B.C.

Born and educated at New Westminster, Mr. Hodge has made his home in the Okanagan Valley since 1938, except for five years service with the RCAF during World War II.

Mr. Hodge brings to his new position a sound background of Banking, Insurance, and Real Estate experience, particularly in the South Okanagan. Active in the affairs of organized Real Estate, Mr. Hodge has served as Charter President, Penticton and District Real Estate Board; Member, Real Estate Agents Licensing Board of B.C.; Director, B.C. Association of Real Estate Boards; and as Director of the Okanagan Mainline Real Estate Board.

Mr. Hodge's Kelowna appointment is effective immediately.

### BURNING MIDNIGHT ACETYLENE

Work crews burned the midnight acetylene Thursday at Long Beach, Calif., to repair the British liner Oriana so she could sail by the weekend.

The vessel had collided with the U.S. aircraft carrier Kearsage and received a gaping hole in her bows. Cost of repairs was estimated at \$50,000.

## Exchange Has 'Shakes' As Stocks Roam No Place

Canadian stock markets moved in fits and starts this week, zig-zagging their way virtually nowhere.

Industrials came out of the week slightly on the downside. Daily trading volumes contracted with downward swings, increased as prices advanced.

Chartered banks, sparkplugs of the brisk November industrial advance, ran into profit-taking this week. Bank of Montreal was the favorite target; it dropped more than 33.

Utilities showed the only group strength, led by Power Corporation's 31 gain.

Steels, refining oils and pipelines presented a mixed picture.

Alberta Gas, Trans-Mountain Pipeline and Montreal Locomotive all had gains of almost 31. Consolidated Paper weakened its group with a drop of more than 11.

Financial institutions were paced by Industrial Acceptance, which climbed almost 32 with news it has made a takeover bid to Sovereign Life Assurance Co. Directors of Sovereign said they would accept the \$450-a-share offer and would recommend that shareholders do the same.

### MORE TAKEOVER TALK

Takeover talk was again swirling among base metals.

With the proposed Gunnar Mining - McNamara Corporation merger continuing as chief attention-getter, Gunnar officials reversed their earlier stand by agreeing to put the proposal before shareholders. The stock advanced 20 cents to \$9.50.

International Nickel fell 32 and Consolidated Mining and Smelting almost 31, while Falconbridge gained about \$1.50.

Among the oils, Canada Southern Petroleum caught speculators' fancy in mid-week. While the market awaited news of the company's drill results on property in northern British Columbia, the stock jumped to a 1962 peak of \$5.55. It later weakened, however, closing at \$5.05, ahead 85 cents.

Senior issues, shunted to the sidelines, gave uninspired performances.

On Index at Toronto, industrials fell 1.95 to 569.18, golds 1.35 to 85.40 and western oils .15 to 117.18. Base metals rose .09 to 187.60.

Total volume at Toronto was 11,869,593 shares compared with 12,967,609 last week. Dollar value was \$35,018,396 compared with \$38,915,727.

Volumes at Montreal: Industrials, 581,574 shares compared with 691,574 last week; mines, 2,351,330 shares compared with 1,740,577.

On index at Montreal, industrials slipped 1.0 to 115.1, banks 2.6 to 121.8, and composite 8 to 114.4. Utilities gained .9 to 107.3 and papers .3 to 98.0.

But Algerian and French military sources say Boumedienne has been steadily losing his grip on his army, and with it his chance for a successful coup.

The well-trained army, equipped with Communist weapons and staffed with Communist-style political commissars, was decisive in the struggle for power between former premier Youssef Ben Khedda and Ben Bella immediately after independence.

ALGIERS (AP)—Col. Houari Boumedienne, Algeria's taciturn Marxist-leaning defence minister, appears to be losing his place as Algeria's military strongman.

A month ago, as commander of Algeria's 45,000-man regular army, Boumedienne looked to foreign diplomats like the dominating "grey eminence" behind Premier Ahmed Ben Bella's government, the man who might step in with a military dictatorship.

But Algerian and French military sources say Boumedienne has been steadily losing his grip on his army, and with it his chance for a successful coup.

The well-trained army, equipped with Communist weapons and staffed with Communist-style political commissars, was decisive in the struggle for power between former premier Youssef Ben Khedda and Ben Bella immediately after independence.

## Adenauer Said Too Old Next Step Like Churchill's

WASHINGTON (AP) — West Germany's Chancellor Adenauer is getting the same shove he gave Britain's Churchill when he got seven years ago. Out the reason is the same: Too old.

In 1955, when Churchill was 81, some of the men closest to him told him he was too old to head the government any longer. They urged him to quit for the good of the country. He didn't want to go. Pressure persisted. He quit April 5, 1955.

Adenauer will be 81 in January. He's been the only chancellor West Germany has had since it was established in 1949. West Germany, like Britain when Churchill left to enjoy his greatest prosperity.

In those 15 years Adenauer not only led West Germany into close alliance with some of its enemies of two world wars—the United States, Britain, France—but into a democratic society away from its ancient authoritarianism.

## Pope John's Personal Doctor Returns Home For This Week

VATICAN CITY (AP)—Pope John's personal physician went home to Bologna today after the recuperating pontiff had spent an increasingly active weekend. The physician is expected to return here at the end of the week.

Dr. Antonio Gasbarrini's leaving the Vatican was taken as a sign he felt the Pope was coming along well in his recovery from the anemia and stomach trouble which put him to bed two weeks ago.

Gasbarrini had arrived here four days ago to see if the supreme ruler of the Roman Catholic Church was up to a rigorous weekend that included ceremonies receding the ecumenical council and canonizing three new saints.

The Pope appeared at both ceremonies. At the council closing Saturday he looked pale and strained and toward the end of a 22-minute speech his voice became hoarse. But he arrived in St. Peter's Basilica Sunday for the canonization ceremony looking like a different man.

The signs of illness were gone. His face looked radiant and healthy. His voice had its usual clear vigor and he was smiling and energetic.

On his doctor's advice he took part in only half of the three-hour ritual. But those 90 minutes were the longest he had been at any public function since his 81st birthday two weeks ago. He became ill Nov. 27.

## Motel Operators Report A Business Drought

Contrary to expectations of a year-round tourist boom as a result of the Rogers Pass opening, Kelowna motel operators are currently experiencing a business drought.

President Kenneth Alpaugh of Kelowna branch of the Automobile Association said Saturday that the opening of the pass has definitely had no effect on water business in this district.

"It hasn't helped any and if anything business is worse now than in former years," he said. Adding that November was the worst for business he could recall, Mr. Alpaugh said there was no specific reason for the drought.

"People going to the coast seem to be stopping in Kamloops," he said.

He did not anticipate any improvement in the situation over the Christmas and New Year holidays.

Chamber of Commerce secretary Fred Heatley said: "A lot will depend on the weather but after all, Christmas is a time when everyone likes to be at home."

## Resident Here Since 1926 Mrs. Clarica Graves Dies

A Kelowna resident since 1926 and active church worker, Mrs. Clarica Graves, 64, died Sunday in hospital.

A funeral service will be held at 2 p.m. Tuesday at Day's Chapel of Remembrance, Rev. Sydney Pike officiating. Interment is in Kelowna cemetery.

Born in Muncy, Ontario, she came west at a young age and was married at Clearwater, Manitoba in 1907. Mr. and Mrs. Graves moved to Kelowna, B.C. in 1903 where they farmed for several years before coming to Kelowna to retire. Mr. Graves died in 1947 and a daughter, Edith, Mrs. H. Gaston died in 1952.

Mrs. Graves was a member of First United Church and through the years actively associated with the Sutherland Avenue Circle of that church. She was also a past member of the Orange Lodge.

Surviving are four sons: Kenneth and Ira in Kelowna, Samuel in Vancouver and Webster in Prince Albert, Sask. and three daughters, Mrs. Belva LeBaron of Eureka, Calif., (Alice) Mrs. David Williams of Vancouver, (Lottie) Mrs. C. Kidd of Melville, Sask., eight grandchildren and 16 great grandchildren, a sister Mrs. Lottie Caughlin of Oliver.

Funeral services will be held at 2 p.m. Tuesday at Day's Chapel of Remembrance, Rev. Sydney Pike officiating. Interment is in Kelowna cemetery.

Day's Funeral Service Ltd. are in charge of arrangements.

## Kelowna Lawyers, Laymen May Audition For KLT Play

Kelowna fans of the courtroom drama usually depicted two dimensionally on television will have their opportunity next February to actually become part of the action in a live three-dimensional courtroom trial to be held in the Kelowna Community Theatre, a KLT news release said Monday.

In actual fact, the trial will be the next major production of the KLT entitled "The Night of January 16th".

"The fascinating aspect of this thrilling drama is the fact that the jury will actually be selected from the audience and the outcome of the verdict, 'guilty' or 'not guilty,' will depend entirely on them. The play's ending is based alternatively on their verdict," publicity chairman Charles Patrick said.

Local lawyers with a flair for the dramatic type case will have their chance to audition for two outstanding roles, the prosecuting attorney and the defence, he said. Director Una Hughes said she is not unmindful of the possibility that there may be some laymen who missed their calling as lawyers who could very well compete for these parts against the legal profession.

## Rutland Students At Work For Exams

This is our first editorial in The Courier for this school year, but we hope to keep everyone informed on happenings here at Rutland High from here on in. For this time we would like to give a very brief summary of the events so far.

The Senior Council got off to a good start this year with a "Get Acquainted Dance" in September. They also purchased a tractor for the school as their first project. Other projects are still under discussion. The executive this year are: June Chiba, treasurer; Fran Turk, secretary; Bob Fugger, vice-president; and Ruth Penninga, president. The many other clubs in the school are also rolling along and doing their part. We are very proud of our athletic teams—in particular the soccer team which won the Valley championship and the Silver Cup for us. Good work, boys!

One exam period has come and gone and a look at most of our report cards will leave little doubt as to what we're doing now—studying for Christmas exams which are so close . . . December 18-21. About the only consolation in this early date is the carefree, worryless holiday we'll have afterward.

That's about all for this time—for further news listen to Fran Turk's familiar voice on "High Notes".

See you next week!

## AFTERMATH OF SUNDAY BLAZE

## Salvation Army Project Tuesday

Kelowna Salvation Army Tuesday will begin its Christmas project to aid families at Christmas.

Donation kettles will be placed at the post office, corner of Ellis St. and Bernard Ave. from 9 a.m. to 5 p.m. every day until Christmas Eve.

There will also be a Christmas kettle at Shop's Capital. A staff of six Salvation Army members will be manning the kettles.

Last year, Capt. B. S. Dumerton reported, \$3,300 was collected through the kettles, a record year for donations. The money is used for Christmas and winter welfare.

On Thursday, Salvation Army workers will be packing about 300 "Sunshine bags" filled with candy and small items to be given to the hospital and senior citizens homes in the area. This is an annual project.

## Graveside Service For T. E. Darby, 84

A graveside service was held at 11 a.m. today at Kelowna cemetery following the death in Fort Francis, Ont., of a former city resident, Thomas Edward Darby, 84.

Rev. E. H. Birdall officiated. Interment was in a family plot beside Mr. Darby's late wife, Mary, who died here in 1955.

Born in Guelph, Ont., he and Mrs. Darby lived here for many years. In 1956, he went to Fort Francis to be with his brothers, William of Fort Francis and Walter of Stratton, Ont., who arrived in Kelowna Sunday for the funeral.

Day's Funeral Service Ltd. was in charge of arrangements.

## Hamper Group Asks For Names

Kelowna and District Christmas hamper committee, newly formed as a collection depot for hampers this year, has sent out a plea.

Deadline for listing names of families and individuals to receive a hamper is Dec. 19, Capt. B. S. Dumerton, chairman of the committee said Monday.

Individuals or groups who usually donate to the project are asked to telephone 2-3165 before that date.

The Committee expects to aid 250-300 families this year.

At present, members of the central depot include Knights of Columbus, city and provincial welfare, Catholic Women's League, Kinetics, Seventh Day Adventist Church, Elks, St. Paul's United Church, Canadian Legion, Kiwanis auxiliary, First United Church, fire chief and assistant fire chief.

## WHAT'S AT THE MOVIES

Monday - Tuesday - Wednesday "THE KING AND I"

Two years in the making in cinemascope and color, this new version of "Anna and the King of Siam" stars Deborah Kerr and Yul Brynner in the title roles. The picture is being brought back to Kelowna by popular request.

The story of the brahmin King and the prim Victorian schoolteacher, who travels all the way from London to Bangkok to bring western culture to the King and his 67 wives and children, is a faithful reproduction of the best-selling book. It is the first cinemascope picture with a Siamese background and the rich trappings are said to make it the costliest production ever produced at Twentieth-Century-Fox.

## Lawrence Avenue Blaze Leaves Family Homeless

## Future Action "Up To Ratepayers"

Kelowna Ratepayers Association chairman H. S. Harrison-Smith said Monday any further action on city affairs "will be up to the ratepayers."

He said a general meeting will be held in January to decide the future of the group which held several meetings prior to the Dec. 6 elections. Membership in the association is estimated at more than 300.

## No Weather Change Expected Here

Dull, grey conditions which existed over the weekend are not expected to change according to the official weather synopsis today.

Fog covered most of the lower mainland today. Some rain is expected to spread into the northwestern interior but elsewhere in the province considerable cloud make it a "blue Monday." The north coast experienced strong winds and rain.

In this area, the forecast calls for no change in temperature, fog patches and light winds.

Weekend temperatures were 41 and 38 as compared to 28 and 12, with one-quarter inch of snow a year ago Sunday. Saturday's readings were 40 and 38 with 23 and 21 a year ago.

## Winfield Marksman Wins Rifle

WINFIELD — A six-weeks junior firearms safety course, sponsored by the Ocoela Fish and Game Club concluded Dec. 6, when Ray Willett won a .22 rifle in a shooting contest.

Chief instructor for the course was Ronald Taylor with Wayne Dehnke assisting.

A total of 20 boys wrote and passed the examinations with marks ranging from 65 per cent to 85 per cent.

Game Warden Don Ellis gave the boys tests and a safety check was carried out by the Optometric Association of B.C.

## Area Roads In Good Condition

The Department of Highways reported this morning all roads in the Kelowna area are normal.

The Allison Pass is good with slight overcast. The highway has been well sanded.

A slide nine miles west of Revelstoke is being cleaned up and though there is no delay to traffic, drivers are warned to watch for men and equipment.

Lower ends of the Rogers Pass are good but top packed snow will be encountered over the summit. It is ploughed and sanded.

Fraser Canyon will be closed between 9:30 and 11:30 a.m. for blasting. A slide eight miles east of Lytton is causing no delay to traffic.

## Kelowna Divorce Granted At Assizes

Divorces granted at the Fall Assizes held in Vernon included one from Kelowna and one from Rossland. Both were granted.

The Kelowna case was David Addington Chapman vs. Jean Chapman and Richard Irwin and the Rossland case was Alastair Roy McAskill vs. Frances Theresa McAskill and Victor Pratico.

See further cases page six.

Fire Sunday afternoon gutted the interior of a home on Lawrence Avenue.

Insurance adjusters today estimated the damage to be in the neighborhood of \$6,000 to the home of George Straza, 341 Lawrence Ave., a sub-foreman with the City Works Department.

Fire Chief Charles Pettman said Monday the fire is believed to have started in a clothes closet on the ground floor of the two-story wood and stone building.

According to Chief Pettman, the fire is believed to have been caused by an overheated chimney. "There was insufficient cover around the chimney," he said.

Mr. Straza and his family are now staying with neighbors.

Chief Pettman said, "I hope some repairs can be made. This is an awful Christmas present."

DAMAGE TO INTERIOR

Damage was mainly confined to the interior of the house and its contents.

One truck was able to handle the blaze which was soon brought under control.

When the call first came in around 2 p.m. Chief Pettman said, the house number was to the extent of \$35,000. Last given but not the street name, house fire was an Abbott St. An emergency broadcast over home in October.

LOSSES \$60,000

He said Sunday's blaze brings Kelowna fire losses to \$80,000 this year, about twice that of Vernon. Largest blaze was last January when a rope manufacturing company was damaged to the extent of \$35,000. Last given but not the street name, house fire was an Abbott St. An emergency broadcast over home in October.

## Five Accidents, Breakin Reported By RCMP

Henry Smith, Union road, Glenmore, reported to police Sunday morning that someone had entered his home and stolen \$60 in cash, and a small quantity of liquor and cigarettes. Included in the cash stolen was \$6 in one-cent pieces.

Entry was gained by removing a storm window in the basement. This had later been replaced.

CHARGES PENDING

A two car collision at Reid's corners at 7:15 p.m. Dec. 8, sent John Kules, 451 Leon avenue, and his unidentified passenger to hospital. They were released after examination.

Police said a car driven by Lenard Richard Ulrich, Lakeview Motel, apparently drove through a stop sign and collided with the Kules vehicle. Police are investigating and charges are pending.

FIVE ACCIDENTS

One woman suffered a broken arm and several other people suffered minor injuries in five accidents reported during the weekend.

At 4:55 p.m. Saturday police said a Mrs. Yamamoto was struck by a car near Rutland Sawmill breaking her arm. She was removed to Kelowna General Hospital by ambulance for treatment.

The car, driven by Ken Slevon, 1982 Copeland Place, hit Mrs. Yamamoto while she was walking on the correct side of the highway, police said, but due to the fact that she was wearing dark clothing at the time the driver did not see her until he was almost on top of her.

He swung out to avoid her but struck her arm causing the fracture.

At 6 p.m. Friday another accident near the Rutland Sawmill sent a woman to hospital.

Police say a car driven by Edward Sandren, 787 Stockwell, was turning off Black Mountain road when it was struck from the rear by a car driven by Andrew Wirachowsky, 2184 Douglas Road, Rutland.

As a result Mrs. Wirachowsky, a passenger in the Wirachowsky car was taken to hospital suffering from sore ribs.

Wirachowsky will face a charge of driving without due care and attention.

PLEADS GUILTY

Victor McDougall of Westbank was fined \$100 and \$6.50 costs Monday when he pleaded guilty to a charge of driving while his ability was impaired. He was arrested Saturday after an incident in Westbank.

## AN APPLE FOR THE BUYER

Business was brisk Saturday afternoon for Gyro Club members selling contest tickets outside their TV-Auction headquarters on Bernard avenue. D. M. Chapman, middle rear, rings up another sale and gives away Gyro apples among the throng of shoppers.

The annual Gyro TV-Auction will be held tonight and Tuesday with a total of 262 items on the block. (Courier Photo)

## THE TRUE SPIRIT OF CHRISTMAS

With Christmas just two weeks away the city is once again dressing up for the occasion. At several points in the downtown area Christmas scenes are appearing with Santa Claus back in his customary seat of honor on the top of City Hall. But what is perhaps most in keeping with the true spirit of the season is this nativity scene beside the Health Unit on Queenway. (Courier-Photo)

## Must Continue Fight; Support Seal Campaign

Have you made your returns yet to the annual Christmas Seal campaign?

A few weeks ago thousands of envelopes of TB Christmas Seals were placed in the mails addressed to residents of Kelowna and district by the Mary Ellen Boyce Chapter, IOOE. Have you responded yet?

A generation ago, tuberculosis was among the greatest killers of Canadians. Last year 769 deaths were attributed to TB compared to 6,051 just 20 years ago. But the fighting must not relax.

Locally, more than 90 per cent of the population has been tested for the incidence of TB. A total of 1,207 adults, students and pre-school children are X-rayed regularly by the travelling diagnostic clinic through the South Okanagan Health Unit.

The British Columbia Tuberculosis Society is not only concerned with TB. Within the last two years, the group has developed quite rapidly in the detection of non-tuberculous respiratory diseases.

This year approximately \$25,000 is being spent on a research program for the prevention and curing of non-TB diseases.

While the society is gaining ground in its fight against TB, gratitude should not be confused with complacency. When we consider that more than 1,000 new cases of TB are discovered each year in British Columbia, there is reason to be grateful for the vigi-

lance and work of the society.

Admittedly, many things have combined to reduce tuberculosis on this continent. These include better hygienic conditions, higher standards of living generally, more and better treatment centres, programs aimed at early diagnosis which improve a patient's chance of recovery and cut the chance of infection to others, new drugs and daring surgery.

These must be maintained along with more and better means of helping patients rehabilitate themselves while under treatment and away from their jobs.

The success of these efforts has valuable by-products. Frequently diagnostic treatment discloses other disorders in the heart and lungs.

What has been accomplished in Canada and other countries to combat TB has encouraged India, where tuberculosis is rampant, to launch its first seal campaign this year. This is still another and wider reason for keeping our own standards high.

But whatever our interest in what goes on in other countries, the fact that almost 9,000 are under treatment for tuberculosis in this country at the present time, many of them from B.C., is evidence that the enemy is still stubborn.

Seal sales are one of the best means of providing needed ammunition to throw into this continuing fight.

### COST OF LIVING RISES

Canada's cost-of-living index rose again in November from the post-war record set in October. November level was 131.9, up four-tenths of a point from October's 131.3. Graph traces trend in index from January, 1962.

## The "Big Smog" Seared Its Way Into Memory

Editor's Note: Courier staffer Ron Wade was in London, England during the Great Smog of 1952. Reminded by last week's killer smog in the British capital, he writes his impression of that other disaster a decade ago.

By RON WADE  
Worst of all was the unearthly quiet. It was as though all normal sounds of a great city, those of car engines, shoes on the sidewalk and the chatter of the crowds, were muffled in a blanket.

The smog itself was frightening enough. Its pungent menace hung everywhere, blinding and choking. But the quietness was the coup de grace. It was an isolation to be feared.

This was the Great Smog of London in 1952. According to first reports anyway, the British capital's killer smog of last week, was but a pup in comparison. For those who experienced the "big one", no nightmare can ever seem as bad. And for 4,000 of those who did experience it, the light of day was never seen again.

UNFORGETTABLE  
The exact date it descended I forget. But the occasion I shall never forget. As the evening

drew on, the street lights and those of the traffic became blurred, sound muffled and breathing difficult.

Breathing indeed was a problem. As the man in the gas chamber holds his breath until the very last, so does a smog dweller try to restrict his breathing. But more breathing is necessary in order to obtain sufficient oxygen. And the more breathing, the more noxious fumes.

FIRST DAY  
On the first day, one came to realize the monster was omnipresent. It filtered into the home, the office, and even into the furthest and deepest labyrinth of Piccadilly's multi-levelled underground station. There, it made a weaker but still opaque clamor to be noticed. It was.

But despite its sturdiest efforts, the smog could not halt the "tubes." It halted everything else. Above, in the usually teeming and noisy streets of the ancient city, few humans stirred. Cars were left abandoned. No buses, trains nor planes ventured abroad. Ambulance men aged years as the list of interminable calls grew longer and the pace with which to answer them grew slower.

## Few Fires But Firemen Suffered Fighting Them In Murky Inferno

There were few fires. But the inferno of those that did occur remains forever in the minds of the firemen attending. First, there was the tedious, nerve-wrenching drive at four or five miles an hour to reach the blaze. Then, hydrants played hide-and-seek. Hoarse voices shouted muffled orders. Teams mated became separated and many an "Ulllo, that you mate?" went unanswered. And the fire itself, causing a weird glow and adding its own contribution to the smog, crackled on undimmed by the oxygen lack that plagued mere humans.

But the life of the city struggled on. Those who had to go out did so. They spent many times longer journeying to their destination, but they made the effort.

It seems a wonder that anything was accomplished. At high noon, it was impossible to see halfway across a street the width of Bernard Avenue. And at night—when came very early—a bright street light directly overhead was no more than a diffused glow.

"WORE" ON

So the days wore on, and "wore" is a good word in this case. Rasped throats, stinging eyes, inflamed noses, they were the ingredients that helped to add discomfort to the beginnings of despair.

There seemed no escape. After the ordeal of what used to be a normal working day, even pleasure was a serious business.

To the cinemas that stayed

open, the most persistent patron was the fog. It was again, as with the underground, a slightly subdued version, but it was there. It restricted viewing to a considerable extent.

PURE QUIET

In the dance halls, such as the giant Hammersmith Palais, it made dancing a great effort. In the cosy pubs even conviviality took a rain check. The effort of survival during the day made just a call at the "local" seem like a journey with Scott. So the mass of Londoners stayed home and toughed it out.

After four days of this, there never seemed any other time. It became accepted. Then, as stealthily as it arrived, the Great Fog departed on the morning of the fifth day. Apart from the death toll of 4,000 persons, it left a trail of many more thousands shortened lives. Its effects are still being felt. Some medical opinions hold that all those who endured that time in London have a souvenir or two of the experience left in their lungs. It is certain their memories will never relinquish it.

## TO YOUR GOOD HEALTH

### Don't Be 'Prostrated'

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Please write about the prostate gland.

—J.P.K.  
Today's and tomorrow's columns will be aimed solely at men. If some wives read them, too, and needle their husbands into understanding what can go wrong, and what can be done about it, that's good.

The prostate is an organ, or "structure," as we like to call it, situated at the outlet of the bladder.

It is shaped somewhat like a doughnut—round with a hole through the middle—but like a doughnut cut from very thick dough, and hence as high as it is wide.

Most tissues in the body are of a single shape: bones, muscle, glandular, skin or whatever.

But not the prostate. It is part muscle, part gland, and subject to the ailments of either type of tissue.

Let's remember that prostate trouble is extremely prevalent. But that with proper treatment it can be corrected in most cases—sometimes very quickly, occasionally only with long treatment. In any case, early treatment, instead of waiting and hoping the trouble may go away, is the key to quickest success.

Roughly speaking, we can divide prostate disease into three categories:

1. Simple enlargement of hypertrophy of the gland.

2. Prostatitis, or inflammation of the gland.

3. Cancer of the prostate

which, of course, demands the earliest possible attention. However, if detected early, the prospects of cure are excellent. In cases in which the patient delays treatment, the outlook becomes grim. The most important advice I have is to don't dawdle around. Don't just "hope it will go away," and don't waste time on patent medicine.

Nearly one-third of men over 50 years old will have some prostate enlargement; cancer occurs in about one in five cases of enlargement. That should be warning enough. Treat it early, when it is curable.

Although the majority of prostate cases do not involve cancer, they are annoying and distressing.

Enlargement of the gland can reduce or even shut off the flow of urine, since the urethra passes through the centre of the prostate. A kidney stone, a smaller-than-usual urethra, or infection spreading from some other source can do the same thing.

Early signs usually include urinary disturbances: urgent desire to urinate but decreased force of the stream; a feeling of incompleteness after voiding; increased urge to void at night.

## People Are Funny

Many people may agree that the commercial Christmas comes on us too soon but there is, after all, no compulsion to buy. No one need be rushed into Christmas before his convictions.

Actually the current argument is an old story. Advance Yuletide preparations have been in effect for decades, and had shopping patronage over the years not favored the practice it would have died long ago.

Undoubtedly one gets a bit jaded by Christmas appurtenances by the time Christmas Day itself arrives, but the Christmas celebration in essence is a season, not a single day, and one that helps to generate the spirit of goodwill associated with this period of the year. Were this spirit prevalent all the year round in fact it would be cause for credit, not complaint.

The physical phase of Christmas—and without it the season would lose

its color and imprint — cannot be avoided. Nor would a community's needs be suitably met were Christmas shopping crammed into, say, a mere two or three weeks before December 25. Merchants could not cope with the rush nor would shoppers find this to their liking.

The mailing arrangements also, which are imperative, make it necessary that people prepare for Christmas well in advance.

How often indeed does one hear persons who in one breath bemoan an early Christmas express in the next glee at having made their preparations early. There will be few even of those who object strenuously to early Christmas merchandising who haven't already bought cards and presents by the armful.

People are inconsistent, and perhaps no more so than on this particular question.

## Macmillan's Issue

What appears to be growing resentment against Prime Minister Harold Macmillan and the Conservative government of Great Britain isn't likely to manifest itself in an election until the thorny matter of the ECM is settled.

That much seems certain; even though there is talk of open revolt within the party, fast-falling Conservative prestige and considerable criticism of Mr. Macmillan's leadership.

The entire Conservative administration has been attacked on the rather familiar grounds that it is an old party, with an aged leader at its head.

But there's no real issue to fight an election on at this time except Britain's entry into the European Economic Community. And on this issue, presumably, the Conservatives and Mr. Macmillan will stand or fall.

Mr. Macmillan has long made clear his intention to lead his country into ECM membership. He has all but

dedicated himself to this goal, convinced that a united Europe must have Great Britain at the council table.

It is inconceivable that he would jeopardize such membership at this time. Rather, he will attempt to ensure British entry before turning to the people.

The more favorable terms that he can secure for British entry, the brighter the Conservatives' chances will be at the polls, which must be before October, 1964.

This is the single, dramatic stroke by which Prime Minister Macmillan hopes to keep his government in power. It is a calculated risk by a party that seems to be in serious trouble.

Mr. Macmillan quite possibly subscribes to the premise that what's good for the country is also good for the Conservatives. The next election will determine whether the voters feel the same way.

# Kelowna Bride Will Make Home In Pibrock, Alberta

The immaculate Conception Church was the scene of the wedding of Genevieve Barbara, daughter of Mr. and Mrs. Joseph Bulach of Kelowna, and Joseph Edward Rimmer of Pibrock, Alberta, November 27. The bride was accompanied by Miss Pat Hedden.

Given in marriage by her father, the bride wore a lovely gown featuring a long very full skirt of tulle over tulle with lace flower appliques scattered here and there over the tulle. Her fitted tulle bodice was styled with a yoke of French lace and long lace hipshot sleeves, and two long lace panels flared gracefully from the waistline at back. A coronet of seed pearls held her shoulder-length veil of tulle net which was also appliqued with lace flowers, and she carried a bouquet of red roses and yellow orchids set on a silver tin.

The maid of honor, Miss Jean Driscoll of East Kelowna, and the bridesmaid, Miss Betty Lou Baker, cousin of the groom from Kamloops, wore short dresses with rounded necklines and short sleeves. Their handbands were of matching chiffon roses, their accessories yellow, and they carried bouquets of mauve and yellow chrysanthemums centred with detachable corsages of yellow roses.

The bride's niece, Debbie Garfield of Kelowna who was the charming young flower girl, wore a dress of green tulle with a round neckline and matching cummerbund, a yellow headband, and gloves, and carried a basket of yellow roses.

Mr. Lloyd Rimmer, brother of the groom from Pibrock, Alberta, was best man and the witness was Mr. Leo Bulach, brother of the bride and her cousin Mr. Tony Ackerman, both of Kelowna.

Following the ceremony a reception was held in Tilling's Yeoman's Room where the bride's mother received wearing a sheath dress of beige linen with a matching box jacket, a brown hat and accessories, and a corsage of pink carnations. She was assisted by a sheath dress of blue wool centred with a beige hat and accessories and

a corsage of pink carnations. The blessing was asked by Reverend Father Anderson and the toast to the bride was proposed by Mr. Fred Macklin. A telegram from Mr. and Mrs. McGinnis of Fort St. John was read by Mr. Leo Bulach, and the toast to the bridegroom was given by Mr. Lloyd Rimmer. Mr. Arthur Ackerman acted as master of ceremonies.

Out-of-town guests attending the wedding included Mrs. R. B. Southern of Revelstoke, Miss

Loretta Huff of Kamloops, Mr. and Mrs. W. E. Baker of Kamloops, Mr. and Mrs. L. Rimmer and Mr. Lloyd Rimmer of Pibrock, Alberta, Miss Monica Roth of Trail and Mr. and Mrs. Emanuel Roth of North Kamloops.

For the honeymoon to Saskatchewan, where the newlyweds will visit the groom's two sisters, the bride changed to a red suit with a box styled jacket, a white hat and gloves and black accessories.

ANN LANDERS

## Competition Razor Sharp

Dear Ann Landers: I am a few years younger is no red-hot bargain. I am a 15-year-old girl who has a nice face but my teeth are very crooked. My mother took me to the dentist and he said if I started to wear braces on my teeth now they might be straight by the time I am 17. I hate to think of wearing braces during the four most important years of my life. My crooked teeth are not as noticeable as those ugly braces would be.

A couple of my girl friends wear braces and they just hate them. Also there is this constant running to the dentist's office. It seems like something is always falling off or coming loose, which means extra trips. Please tell me what to do. Ann Some days I think I should go ahead and do it and other days I am against the idea. I need your advice.

A QUESTION WITH A BITE Dear Rita: Get those braces on immediately, doll, and be darned grateful that your teeth can be straightened and that your folks have the money to spend on the project. You'll have a smile like a bird-cage for a few years — so what? By the time you're a high school senior you'll be in great shape and I can promise that you'll be awfully glad you had those braces put on.

Reduce the musing in class. Set the standards higher, and abolish the kisses. Offer, instead, a pat on the head. And next year, when you get a new class, for heaven's sake keep the kids off your lap and give them gold stars.

Dear Ann Landers: I've been a widow for five years. When my husband died I never dreamed I could ever be interested in a man again. But the wounds have healed. I am 48 years old and healed every day of it. My figure is trim and with the help of a beautician I've kept the gray out of my hair. But it's the little pouches under my eyes and my sagging jowls that give me away. If I had a little surgery I would look ten years younger.

When I see the attractive divorcees who have youth and beauty on their side I realize the competition is razor sharp. The woman who looks 38 is sure to get more chances than the woman who looks 48. Be realistic, Ann, do I see the plastic surgeon or not? — GIRL SCOUT

Dear Girl: The man who is interested in worth-while human literature will read between the lines.

Have the surgery if you think it will lift your spirits, but do not expect it automatically to produce marriage proposals. And, most important, the man who would be attracted to a woman because she looks a

## The United Church Women Hold December Meeting

The United Church Women of Rutland congregation met in the basement hall of the church on Wednesday evening for their regular monthly meeting, and election of officers for the coming year with members of the Central and Square Units also in attendance.

Mrs. W. Klaws the secretary of the Central Unit, turned over the sum of \$80.00 to the U.C.W. and also \$5.00 to the Women's Missionary Society. The president of the Central Unit, Mrs. A. J. Blanchard, told of plans for a social evening to be held by the two units and the U.C.W. and their husbands, in January, at a date to be announced later.

The members of the U.C.W. agreed to accept the same allocation for the Women's Missionary Society as last year, which was \$30.00.

The study of the book "The Word and the Way" was continued. Rev. Arthur Munday attending the meeting to lead the discussion, and Mrs. F. L. Fitzpatrick presented the following slate of officers for the coming year, on behalf of the nominating committee: past president, Mrs. W. D. Quigley; vice-president, Mrs. Victor Stewart; secretary, Mrs. Arthur Green; treasurer, Mrs. Perry Kyle; Christian stewardship convener, Mrs. V. Stewart; citizenship and friendship committee, convener, Mrs. Ivan Jaud; literature, Mrs. Ron Lentz; supplies, Mrs. Stanley Boardman; flowers committee, Mrs. W. Quigley; music committee, Mrs. E. H. Nicholson; publicity, Mrs. A. W. Gray. The slate was approved, with the office of president still vacant. The annual meeting, to be held January 9, will receive reports from the various com-

mittees, and the financial statements, and the office of president will be filled at that meeting. Mrs. Quigley carrying on as president in the meantime. Refreshments were served by Mrs. A. L. Green and Mrs. Gordon Morgan at the close of the meeting.

Bruce Bell, son of Mr. and Mrs. Alex Bell, returned this week to Salmon Arm, the mill in which he was employed having resumed operations.

## WOMEN'S INSTITUTE

The Rutland Women's Institute held a very successful rummage sale this past week, which, through the kind co-operation of the Kelowna W.I. was held in the Institute Hall on Lawrence Avenue. The affair netted the Rutland Institute over \$40.00. The Rutland W.I. will hold their annual meeting on Wednesday afternoon next, at the home of Mrs. N. McLaughlin, the president.

## St. George's Guild Hold Annual Bazaar

**WESTBANK**—A quartet of instrumentalists entertained guests during the tea hour on the occasion of St. George's Anglican bazaar held at the beginning of the month in Westbank Community Hall. Christmas carols were played by Mrs. Barbara Smith and Mrs. Beverly Gay, both of Penticton; Mrs. A. W. Ritchie and Miss Dorothy Norman, both of Westbank.

The usual needlework and home baking stalls, and a candy stall, the last sponsored by the AYPA of St. George's Church attracted many patrons, and altogether the annual event was a success, both socially and financially.

Various prizes were offered, and winner of the turkey was Mrs. Vera Smith, while Miss Lynn Hoskins won the oil painting contributed and painted by Mrs. A. E. Drought. Mrs. T. B. Reece took home the tea prize.

As always, the fish-pond was popular with the small fry who went home with many a small token of their angling prowess. Guild president Mrs. J. H. Blackey and her committee were busy with many arrangements before and during the bazaar, and Mrs. J. K. Wood was in charge of tickets.

## Teddies Outclass Silver Starlettes

Led by veteran centre Anita Stewart, the O.K. Teddies triumphed in a 5-0 decision over the Vernon High School Silver Starlettes in exhibition basketball action at Kelowna Saturday night.

The Teddies finding trouble in getting the range in the first

quarter started rolling as soon as they figured out the Vernon defense. Head coach Bob Hall said that the Teddies were playing well, but they weren't set up properly. It turned out to be something of a chase game, we tried a couple of probing measures and got through, and then we knew we had them.

With guard Dale McGuire working the baseline, and centre Anita Stewart breaking in for the lay-up, Vernon's defense was soon shattered. Teddies led 20-0 at half time, had a big 34-point lead quarter for a 53-24 lead into the final stanza, then coasted home. Everyone of the Teddies hit the scoreboard. After the game Hall declared: "We're still a few rough edges to get rid of, and our free throwing was terrible... we hit only 3 for 13... but come February we'll be as strong a team as any Teddie Bear outfit in the past."

**SCORING:**  
Teddies: Stewart 17, Fielder 8, McGuire 8, Dobb 8, Tatarova 6, Yusop 6, Fedorka 6, McCormick 2. Total 50.  
Vernon: Maudsley, Sochan 8, Pope, Wulake, Fulton 9, Eckhardt, Jants 10, Flowack. Total 25.

## Griffith Ends Private War With TKO In Ninth Round

LAS VEGAS, Nev. (AP)—The private war of Emilio Griffith, the world welterweight champion, and Jorge Fernandez of Argentina, has ended nearly three years and 29 rounds of combat. And it still isn't really settled.

Officially, Griffith has whipped Fernandez three times. The latest was the ninth round technical knockout Saturday night.

The first two, in 1960, were fairly conventional. The latest was an epic in ring ruckus. Griffith won it on a punch to the lower groin. It was unintentional but a foul, according to referee Harry Krause.

Fernandez fell, clutching himself. Griffith said the blow wound up in the stomach. Fernandez claimed it was quite a bit lower.

The Fernandez corner people swarmed through the ropes. Their warrior was writhing on the canvas, apparently in excruciating pain.

Fernandez men reacted to register violent objections chairman Jim Deakin of the Nevada Athletic Commission.

Deakin already was thumbing through the latest edition of the Nevada boxing rules.

Spectators spilled into the ring, followed by sheriff's deputies who couldn't decide immediately who to throw out.

Nevada boxing rules state that a fighter striking on a low blow cannot win on the foul, and a fighter, if hit low unintentionally, must continue after having received a reasonable length of time to recuperate.

Paradoxically, a fighter can win a match on a foul, if accidentally delivered, which was how Griffith won this one.

The champion was ahead on two of the officials' scoring cards and even on another, eight of the scheduled 15 rounds.

**COULDN'T CONTINUE**  
On the advice of the commission physician, Dr. Donald Romeo, and under the rules, Fernandez was given five minutes to recuperate.

Additional time would have been given but Fernandez himself weakly said he was unable to continue. Official time of the knockout in the scheduled 15-round was 1:34 of the ninth.

## Cranbrook Dump Gonzaga 7-3

SPOKANE (AP)—Cranbrook Canucks overcame a brief Gonzaga University lead, then went on to score seven unanswered goals Sunday in a 7-3 Kootenay International Hockey League game.

Len O'Byrne gave the Bulldogs a one-goal jump early in the first period but Ken Leisner retaliated less than two minutes later to start the second-place Canucks on their scoring spree. Leisner added another and Keith Cameron and Mel Knight each scored twice in the Cranbrook attack. Miles Desharnais scored the other Cranbrook goal.

O'Byrne and defenceman George Webb each scored for the third period but the Gonzaga rally was too late and too short. The victory gave the Canucks a split in their two road games over the weekend. They dropped a 4-3 game to Notre Dame College in Nelson Saturday night.

Several continued to their homes in Eastern Canada late Sunday night while those headed for Vancouver were to leave today when fog conditions at Vancouver dissipated.

Team members who arrived here were:

Dr. George Elliott, Vancouver, manager of the swimming team; Ken Twigg, Toronto, manager of the track and field team; Carl Schwende, Montreal, manager of the fencing team; William Conner, Hamilton, manager of the lawn bowling team;

Sprinters Lynn-Eves, Victoria, Bob Fisher-Smith, Ottawa, Yvonne Breeden, Vancouver, and Abigail Hoffman, Toronto; pole vaulters Bob Watson, Langley, B.C., and Alf Groom, Summerside, P.E.I.; middle distance runner Jim Irons, Toronto; marathon runner Gordon Dickson, Hamilton; lawn bowlers Sterling Shields, Edmonton, Arlie Haor, Ross Moir, Vancouver, and Ed Brown, Winnipeg;

Fencers John Andru, Toronto, Ben Sim, Montreal, and Bob

Los Angeles Blades left home somewhat despondently Friday and the weekend did not improve their temper.

Injured centres Fleming MacKell and Stan Maxwell were missing to start with. Their scheduled Western Hockey League game Saturday had to be called off when fog settled on Spokane and incoming flights were cancelled.

So they sat it out in Seattle, waiting for a Sunday encounter which they lost 4-1 to the Totems after a wild third period of 12 penalties and at least five fights.

In Portland, San Francisco Seals lost 6-2 to the Buckaroos. Only three penalties were called.

Saturday night the Seals beat Portland 7-5 in San Francisco and the Stampede edged Edmonton Flyers 4-3 in Calgary.

Leo Labine of the Blades was the centre of most attention in the skirmishes at Seattle. He fought first with Don Ward, and both drew major penalties.

RED DEER (CP)—Kimberley Dynamiters, left without a league when the Senior A Western International Hockey League folded this season, have made a tentative bid to join the Intermediate Central Alberta Hockey League.

The application came up for consideration at a special CAHL executive meeting here Sunday. Officials said the Dynamiters will be informed of league policy for acceptance and steps necessary to take out formal application.

## COMBINED TALENTS WORTH \$9,499.60

SUNLAND PARK, N.M. (AP)—Two El Paso, Tex., men combined their touting talents Saturday and came up with a combination that resulted in a \$9,499.60 payoff at Sunland's race track.

The four-horse combination was the "Big Q"—the winner and place horse in the sixth and seventh races.

Charles Schradeley and Pernel teamed up to pick School Teacher and Pep Straw in the sixth race and then went on to combine Jill Ran and Shimpol in the seventh.

It was the only winning "Big Q" combination and collected the whole pot.

## Fog Conditions Halt Arrival Of BEG Athletes At Vancouver

EDMONTON (CP)—Twenty-one athletes of Canada's British Empire Games team, returning home from Perth, Australia, arrived here Sunday night when fog prevented a scheduled landing at Vancouver.

Several continued to their homes in Eastern Canada late Sunday night while those headed for Vancouver were to leave today when fog conditions at Vancouver dissipated.

Team members who arrived here were:

Dr. George Elliott, Vancouver, manager of the swimming team; Ken Twigg, Toronto, manager of the track and field team; Carl Schwende, Montreal, manager of the fencing team; William Conner, Hamilton, manager of the lawn bowling team;

Sprinters Lynn-Eves, Victoria, Bob Fisher-Smith, Ottawa, Yvonne Breeden, Vancouver, and Abigail Hoffman, Toronto; pole vaulters Bob Watson, Langley, B.C., and Alf Groom, Summerside, P.E.I.; middle distance runner Jim Irons, Toronto; marathon runner Gordon Dickson, Hamilton; lawn bowlers Sterling Shields, Edmonton, Arlie Haor, Ross Moir, Vancouver, and Ed Brown, Winnipeg;

Fencers John Andru, Toronto, Ben Sim, Montreal, and Bob

Los Angeles Blades left home somewhat despondently Friday and the weekend did not improve their temper.

Injured centres Fleming MacKell and Stan Maxwell were missing to start with. Their scheduled Western Hockey League game Saturday had to be called off when fog settled on Spokane and incoming flights were cancelled.

So they sat it out in Seattle, waiting for a Sunday encounter which they lost 4-1 to the Totems after a wild third period of 12 penalties and at least five fights.

In Portland, San Francisco Seals lost 6-2 to the Buckaroos. Only three penalties were called.

Saturday night the Seals beat Portland 7-5 in San Francisco and the Stampede edged Edmonton Flyers 4-3 in Calgary.

Leo Labine of the Blades was the centre of most attention in the skirmishes at Seattle. He fought first with Don Ward, and both drew major penalties.

## Husband-Wife Team Win Shuttle Tourney

Ev and Chas Larsen of Kelowna took top honors Sunday in the mixed doubles handicap badminton tournament.

The Larsens defeated Mrs. B. Stevens and Bob Brooks of Kelowna 15-13, 15-10 to win the Pettigrew Cup.

Sunday's tourney saw entries from Kelowna, Celista and Vernon totalling 17 pairs.

The next Valley championship will be the Shuswap Championships to be held in Salmon Arm January 19 and 20.

## NFL Draft Choice Signs With Als

MONTREAL (CP)—Dave Hoppmann, 20, Iowa State tailback who led United States colleges in total offense in 1961, Sunday night became the first newcomer to be signed for next season by Montreal Alouettes of the Eastern Football Conference.

The backfielder piled up 1,638 yards rushing and passing in 1961. He was third in the U.S. this season and made The Associated Press third all-star team.

A club spokesman said the Als plan to use Hoppmann as a halfback. No terms of the contract were disclosed, the club's regular policy.

Hoppmann, six-foot-one and 195 pounds, was a draft choice of New York Giants of the National Football League.

## Okanagan Cowboy World Champion

LOS ANGELES (AP)—Canadian saddle bronc specialist Kenny McLean clinched the world championship in his event Sunday in the next to last round of the national finals rodeo.

McLean, of Okanagan Falls, B.C., pocketed the title when his nearest competitor fell too far behind in prize winnings to catch up with money remaining to be won.

The Canadian cowboy failed to place in the afternoon performance. But so did Marty Wood of Bowness, Alta., second-ranked in the national standings. Alvin Nelson of Sidney, Mont., won the event with a 181-point ride on Knott Ins.

## Buc's Whitewash Penticton 18-0

Kelowna Buckaroos blanked Penticton 18-0 Saturday night to record their second straight victory over the V's in as many nights, give goalie Sid Shussel his second shutout this season.

Outstanding defenceman Phil Larsen led the attack with four bag goals. Captain Bob Gruber,

Terry Kasabuchi and Harvey Stoltz scored hat-tricks. Roy Ueda, Gary Kulcheshki, Fred Thomas and Ken Hamanishi added singles.

Kelowna tallied seven goals in the opening period, six in the second and added another five in the final frame.

Kelowna's stalwart defensive unit gave Shussel plenty of protection in setting him up for the shutout. Shussel had only 27 shots to handle compared to 62 for Ron Spafford in the Penticton net.

The Buc's took control from the opening whistle and never looked back, backchecking and skating hard all the way, taking advantage of the disorganized Penticton squad at every opportunity.

A total of 19 penalties were handed out in the game, 13 to Kelowna and seven to Penticton. Kelowna remains only four points out of first spot behind league leading Kamloops Rockets.

Kamloops chalked up their 16th win without a loss with a 6-1 victory over third place Vernon Blades Saturday night.

Vernon skated man-to-man for the first two periods, then Rockets pulled out the stops in the third.

Ralph Litzenberger fired the only Vernon marker at 17:30 of the first period.

Eric Shishido led the Kamloops team with a pair while Dale Sandvick, Bill Steinhil, Glen Richards and Larry Norberge added singles.

Kamloops outshot Vernon 34-21.

## Mikita Paces Black Hawks To 2-1 Win Over Montreal

Sparked by the playmaking of 22-year-old centre Stan Mikita and the goaltending of veteran Glenn Hall, Chicago Black Hawks have bounced back from a slow start this season to become the National Hockey League pacesetters.

Mikita and Hall played key roles as Hawks increased their lead atop the league standings to two points in a close action game in Montreal Saturday night, outshooting the Leafs 34-20. Defencemen Tim Horton of Leafs and Pierre Pilote of Chicago scored the game's goals in the second period.

The Leafs picked up a point on the weekend to stay in third place with 29 points. Canadiens are a point behind in fourth, the Rangers are in fifth with 20 points and Boston last with 13.

The Hawks had a decided edge in play in their 1-1 tie in Toronto Saturday night, outshooting the Leafs 34-20. Defencemen Tim Horton of Leafs and Pierre Pilote of Chicago scored the game's goals in the second period.

**WINGS LOSE WIN**  
Meanwhile Canadiens dropped Detroit 2-1 in a close-checking game in Montreal Saturday night. But the Red Wings came back Sunday night to beat the Leafs 4-3 in Detroit.

Leafs were hampered by the absence of right winger Bob Nevin and defenceman Bobby Eavin, both expected to be out for three or four weeks with pulled knee ligaments received Saturday night.

Boston Bruins provided the weekend's biggest surprise with a 3-3 tie with Rangers Saturday night and a 4-2 win over the same team Sunday night.

Boston's win Sunday night snapped a six-game winless streak. It was only the third win of the season for the last-place Bruins.

Chicago now has 31 points, two more than second-place Detroit, who trailed by only one point going into the weekend. But the Red Wings have played

## Challenger Returns Like Beaten Warrior

SYDNEY, Australia (AP)—Gretel, Australia's unsuccessful challenger for the Americas Cup, came home today like a beaten warrior to a lonely reception.

Only a small unloading crew and a few curious dock hands were present when the sleek 12-metre sloop and her trial horse Vim were hoisted from the 1,000-ton freighter Port Wyndham in Sydney harbor and towed to the Royal Sydney Yacht Squadron at nearby Kirribilli.

The white-hulled pride of Australia was beaten in four of five races by American defender Weatherly off Newport, R.I., in mid-September, meeting the same fate of all the challengers since the cup was put into competition 111 years ago.

His judgement is not warped by extraneous influences— he reasons things out calmly and to the best of his ability. If his logic leads him to make a play that could be classified as sub-optimal, that is not the reason he makes the play—he does so solely because it is the right play.

Here is a hand that features exceptional defense, the colorful kind. The deal was played in a tournament in Asheville, N. C. North-South got to three no-trump and West (Mrs. Margaret Wager, famed Atlanta expert) led the eight of clubs.

Dummy's king won the trick and on East (Hal McDonald, also of Atlanta) played the jack.

Declarer then led a low heart to the ace, and on it Mrs. Wager played the king!

These two plays fixed South's wagon beyond repair. He wouldn't do better than continue with hearts, and when East got in with the jack, he returned a club and South went down two. But note that if McDonald had failed to play the jack of clubs on the opening lead, the suit would have become blocked so that it could not be run, and note also that if Mrs. Wager had failed to drop the king of hearts on the ace, East would not have been able to obtain the lead for the vital club return.

Both plays were necessary to defeat the contract. Without them South would have had an easy time collecting nine tricks.

### MACHINE CAN TEST BRAIN

A white-coated British technician makes final tests on this new electro-encephalograph which is used to trace the electrical activity present in everyone's brain and which varies when a person is ill. In operation, a number of electrodes are attached to various points on the patient's skull, these are linked with

the diagnostic machine and eventually terminate in a series of pens, seen in the centre picture, which trace a pattern of the electrical activity in the brain on a moving chart which the technician is watching in this test trial. The first of the new machines has been delivered to a Cambridge, England hospital.

## U.S. Will Try To Sell Allies On Learning Cuba's Lesson

WASHINGTON (AP) — The United States will try next week to sell its NATO allies on adopting a lesson from the Cuban crisis—a lesson U.S. officials believe could prevent some European crisis from turning into nuclear war.

The U.S. will urge that the North Atlantic Treaty Organization deploy greater conventional firepower against the Russian force in Europe, thus giving both sides a choice other than surrender or holocaust.

To reach this strength, NATO will be asked to achieve the long-sought goal of 30 divisions, according to officials here.

Arguing the U.S. case before the NATO council in Paris Dec. 13-15 will be a 30-member team led by State Secretary Dean Rusk and Defence Secretary Robert McNamara.

The 30-division goal was set several years ago, but so far only 22 divisions are at the disposal of NATO's supreme commander. Beyond one further division pledged by West Germany for 1963, there is no immediate sign indicating that the other directly interested allies—Britain, France, and the Benelux countries—are in any hurry to bolster their forces in central Europe.

The conference has been described by state department officials as a stock-taking meeting and an opportunity for the ministers to make a top-level assessment of the Cuban crisis.

It also will give Rusk an opportunity to express U.S. gratification over the unanimous support the United States received from the 15-nation alliance during those dangerous days.
